CTP Vision and Goals

Vision and Goals statement helps guide the recommendation process.

Does this recommendation adhere to the CTP vision...?

Does it contribute to achieving our goals...?

Example Statements

Mission and Vision

Educate and advise the Board of Commissioners and serve as a venue for public discourse in all matters related to transportation – including the impact on public health, economics, environment, inclusiveness, education and quality of life – in order to achieve a sustainable, multi-modal transportation system that provides mobility and access for people and goods.

–TAB 2011-2013 Strategic Plan

Vision:

To provide an efficient and balanced transportation system that uses multiple motorized and nonmotorized modes of transportation and for which the planning, design, and implementation will be guided by the following overarching qualities:

- A. Protects air quality, water quality and quantity, soil quality, and biological resources
- B. Promotes public health and safety
- C. Encourages sustainable economic development
- D. Provides equal access to all users... *(more)*

Vision:

Enhance the connectivity of the Town of Pittsboro through the development of a transportation network which promotes and supports economic development compatible with the existing and future environmental and land use patterns. Provide safe, reliable, affordable, and convenient transportation choices to the residents of the Town as well as public awareness of those choices. Develop a regional transportation network that improves residents' quality of life and surrounding environment.

Roadways for Study

Use Maps to Indicate Roads that in your opinion need study.

Possible reasons include:

- Safety (crashes, excessive speeds, modal conflict, dangerous intersection)
- Congestion (current or future)
- Nuisance (neighborhood “cut-through”, drivers ignore signage or access control)
- Area of potential major development, zoning change
