Patrick,
Should I also send this correction request to Ms. Sublett?
None of the commissioners have responded.
Thanks,
Deb

Subject: Request Correction of Draft June 29 Minutes Chatham-Cary Joint Issues Committee

Dear Commissioners,

Please correct the Draft Minutes Chatham-Cary Joint Issues Committee Meeting June 29, 2011 entry for Debora Sears as follows:

Debora Sears, 78 Barbee Road, Apex, NC She presented a petition on behalf of approximately 125 Chatham County residents and landowners opposing any type of Cary annexation "*except in the Joint Chatham-Cary Land Plan*" remove phrase within quotation marks. Replace with: **or control in Chatham County as set forth in.....**

The corrected sentence would read:

She presented a petition on behalf of approximately 125 Chatham County residents and landowners opposing any type of Cary annexation or control in Chatham County as set forth in the Joint Chatham-Cary Land Plan.

The corrected sentence agrees with wording in the petition. Attached find my comments and the petition, both of which I simply read during the meeting. I made no additional comment.

While gathering the signatures, we found overwhelmingly that the residents do not want to live in or near Cary city limits and do not want increased traffic on 751.

Thank you,
Debora Sears
78 Barbee Road

Petition against the Chatham County/Cary Joint Land Use Plan

We the undersigned are opposed to any type of future Cary annexation or control in Chatham County as set forth in the Joint Land Use Plan for the following reasons:

- Relinquishes Chatham County Authority to self-government
- The mixed-use area will result in added pollution to Jordan Lake
- The quality of life as we currently know it, will be disturbed
- Higher traffic flows on Highway 751
- Create higher taxes for all Chatham County residents in order to pay for schools for Cary children
- Potentially higher crime with higher density
- Create greater demand on drinking water resources from Jordan Lake.

For these reasons we urge the Chatham County Board of Commissioners not adopt the Joint Land Use Plan. We also request the Chatham BOC to govern the county as voiced by the majority of public input
