Subject to existing 60' access easement as shown on Plat Slide 94-325, Chatham County Registry.

### Alleged Error in the Ordinance Which Would be Remedied by the Proposed Amendment

The introduction to the Chatham County Zoning Ordinance states that the purposes of the Zoning Ordinance are to be pursued, "all in accordance with the adopted Land Use Plan." The Chatham County Comprehensive Plan 2017 identifies the area in which the subject property is located as an employment center. The Plan states that a mix of uses including industrial are appropriate in employment centers.

The existing R-1 zoning of the subject property would not allow the mix of uses that are appropriate in employment centers. The existing zoning map is in conflict with the stated purposes of the Zoning Ordinance, which are to be pursued in accordance with the Comprehensive Plan, and is, therefore, in error. Rezoning the subject property to the IL Light Industrial zoning district would make the Zoning Map consistent with the Comprehensive Plan and the purposes of the Zoning Ordinance and would remedy the error.

### Changed or Changing Conditions Which Make the Proposed Rezoning Reasonably Necessary

The Chatham County Comprehensive Plan marking the area in which this property is located as an employment center was recently adopted in November 2017. Numerous other parcels, large and small, near the subject property have been zoned for heavy industrial, light industrial and various business uses. Because the area in which the property is located has been used for industrial purposes for many years and is viewed as having high potential for continued industrial and business development, as is reflected in the Comprehensive Plan, zoning in the area has been changing to allow property owners to fulfill that potential. Rezoning the subject property to IL Light Industrial is necessary to make the uses on this property consistent with the changing zoning and uses on other nearby properties and to fulfill the goals of the Comprehensive Plan.

### Manner in Which the Proposed Rezoning Will Carry Out the Intent and Purpose of the Adopted Land Use Plan

The Chatham County Comprehensive Plan 2017 identifies the area in which the subject property is located as an employment center. The Plan states that a mix of uses including industrial are appropriate in employment centers. The existing R-1 zoning of the subject property would not allow the mix of uses that are appropriate in employment centers. Rezoning the subject property to the IL Light Industrial zoning district would allow uses that are necessary and appropriate to the development of an employment center and fulfill the intent and purpose of the Comprehensive Plan.

Other Circumstances, Factors and Reasons Which the Applicant Offers in Support  
of the Proposed Amendment

The property has convenient access to US Highway 1, which makes it appropriate for light industrial use.

The property is located near numerous other heavy industrial, light industrial and business uses, which promotes the development of interdependent business relationships and the establishment of an employment center as contemplated by the Comprehensive Plan.

The property is immediately adjacent to access ramps for US Highway 1, a four-lane controlled access highway, the traffic noise from which makes it less desirable for residential use but is entirely consistent with light industrial use.

The WS-IV PA watershed district allows up to 36% built upon area, which means that the majority of the property will remain undeveloped.

All uses permitted in the IL Light Industrial district would be required to comply with all of the County's applicable ordinances and regulations, including parking and signage.
