Conditions/Comments: Two-bedroom mobile home located at 552 Pea Ridge Road to be converted to office space for the owner's logging & grading business. Based on the permit issued in 1985, the system can accommodate up to 9 employees. The drain field has a valve that the owner says is turned regularly. Based on the 1985 permit, it is likely the drain lines are not contained on parcel 5295 and also cross onto parcel 66511 which is also owned by Mr. Sanderford. The current occupant of the mobile home will have to move out in order for this conversion to take place.
