Re: **Authorization to Construct (This is not a Final Approval)**
Issue Date: January 15, 2019
FEARRINGTON SECTION X AREA D PHASE I
Serial No.: 18-00399R1 Water System No.: NC0319126
Chatham County

Dear Applicant:

This letter is to confirm that a complete Engineer's Report and a Water System Management Plan have been received, and that engineering plans and specifications have been approved by the Department for **FEARRINGTON SECTION X AREA D PHASE 1, Serial No.: 18-00399R1**.

The "Authorization to Construct" is valid for 24 months from the issue date. Authorization to construct may be extended if the Rules Governing Public Water Supplies and site conditions have not changed (see Rule .0305). The "Authorization to Construct" and the engineering plans and specifications approval letter shall be posted at the primary entrance of the job site before and during construction.

Upon completion of the construction or modification, and prior to placing the new construction or modification into service, the applicant must submit an Engineer's Certification and Applicant's Certification to the Public Water Supply Section.

- **Engineer's Certification:** in accordance with Rule .0303 (a), the applicant shall submit a certification statement signed and sealed by a registered professional engineer stating that construction was completed in accordance with approved engineering plans and specifications, including any provisions stipulated in the Department's engineering plan and specification approval letter.
- **Applicant's Certification:** in accordance with Rule .0303 (c), the applicant shall submit a signed certification statement indicating that the requirements for an Operation and Maintenance Plan and Emergency Management Plan have been satisfied in accordance with Rule .0307 (d) and (e) and that the system has a certified operator in accordance with Rule .1300. The "Applicant's Certification" form is available at <http://www.ncwater.org/> (click on Public Water Supply Section, Plan Review, Plan Review Forms).

Certifications can be sent by mail, fax or attachment to an e-mail message to PWSSection.PlanReview@ncdenr.gov.

If this "Authorization to Construct" is for a new public water system, the owner must submit a completed **application for an Operating Permit** and the appropriate fee. For a copy of the application for an Operating Permit please call (919) 707-9085.

Once the certifications and permit application and fee (if applicable) are received and determined adequate, the Department will issue a Final Approval letter to the applicant. In accordance with Rule .0309 (a), **no portion of this project shall be placed into service until the Department has issued Final Approval.**

Please contact us at (919) 707-9100 if you have any questions or need additional information.

Sincerely,

Robert W. Midgette, P.E., Operations Branch Head
Public Water Supply Section

Re: Revised Engineering Plans and
Specifications Approval
Distribution Extension
Farrington Section X Area D Phase 1
Chatham County – North
Water System No.: NC0319126, Chatham County
Serial No.: 18-00399R1

Dear Applicant:

Enclosed please find one copy of the "Application for Approval..." together with one copy of the referenced revised engineering plans and specifications bearing the Division of Water Resources stamp of approval for the referenced project. These revised engineering plans and specifications are approved under Division of Water Resources Serial Number 18-00399R1, dated January 15, 2019. **Please replace the previously approved plans and specifications approved under Project Serial No. 18-00399, dated May 30, 2018 with these revised plans and specifications. This approval has the following condition: All piping and appurtenances that will come into contact with potable water shall be ANSI/NSF 61 compliant.**

Revised engineering plans and specifications prepared by Alan R. Keith, P.E., call for the installation of approximately 980 feet of 8-inch water main, 450 feet of 6-inch water main, 150 feet of 2-inch water main, fire hydrants, valves and associated appurtenances along Millcroft and Montgomery to serve 15 new single-family residences as part of Farrington Section X Area D Phase 1. The proposed 8-inch water main will connect to an existing 8-inch water along Millcroft at a location approximately 200 feet southwest of the intersection with Richmond.

Please note that in accordance with 15A NCAC 18C .0309(a), no construction, alteration, or expansion of a water system shall be placed into service or made available for human consumption until the Public Water Supply Section has issued Final Approval. Final Approval will be issued and mailed to the applicant upon receipt

of both an Engineer's Certification and an Applicant's Certification submitted in accordance with 15A NCAC 18C .0303 (a) and (c).

These revised plans and specifications in the foregoing application are approved insofar as the protection of public health is concerned as provided in the rules, standards and criteria adopted under the authority of Chapter 130A-317 of the General Statutes. This approval does not constitute a warranty of the design, construction or future operation of the water system.

One copy of the "Application for Approval..." and a copy of the revised plans and specifications with a seal of approval from the department are enclosed. One copy of the documents in digital format (CD) is being forwarded to our Raleigh Regional Office. The second copy of the CD is being retained in our office.

If the Public Water Supply Section can be of further service, please call (919) 707-9100.

Sincerely,

 /for
