

By signing this petition, I request the Chatham County Board of Commissioners to **APPROVE** the request of the Chatham County ABC Board to rezone parcel 83475 off Moncure Pitsboro Road to Neighborhood Business. The property is surrounded on three sides by property already owned by the ABC Board and zoned for Neighborhood Business, so an ABC store can be built in the location even if this parcel is not rezoned, and it is adjoined on the fourth side by a large undeveloped tract. The only effect of denying the rezoning will be to deprive the Watson family, which has owned and paid taxes on this small, landlocked parcel for many years, of the opportunity to sell their land to the ABC Board. Adding the Watson parcel to the ABC Board's existing land will allow the site to have a better design. This location will allow the ABC Board to offer the community a larger store with greater product selection and will have better parking and be safer for customers and employees than the existing location.
