

Soil Erosion and Sedimentation Control

LETTER OF APPROVAL

April 16, 2019

Fitch Creations, Inc.
2000 Fearington Village Center
Pittsboro, NC 27312

Project Name:	Fearington Area D Phase 2-3
Project Number:	2019-02837
Acres Approved:	2.68
Submitted by:	Diehl & Phillips, PA
Date Received:	4/10/2019

To The Above Named Person and Entity,

This office has reviewed the subject erosion and sedimentation control plan. We find the plan to be acceptable and hereby issue this Letter of Approval. The enclosed Certificate of Approval must be posted at the job site. This plan approval shall expire two (2) years following the date of approval, regardless of whether land-disturbing activity has been undertaken or not. Active sites may have the permit renewed by applying for renewal 30 days prior to expiration.

Section 10 (l) of the Chatham County Sedimentation and Erosion Control Ordinance requires that a copy of the approved erosion control plan be on file at the job site. Also, this letter gives the notice required by G.S. 113A-61.1(a) of our right of periodic inspection to ensure compliance with the approved plan. Self-inspections and monitoring on your behalf are required for all sites receiving a Land-Disturbing Permit. These inspections must occur at a minimum of once a week and within 24 hours of any rainfall of one inch or greater. Copies of all reports must be kept on site and produced to Chatham County upon request.

North Carolina's Sedimentation Pollution Control Act is performance-oriented, requiring protection of existing natural resources and adjoining properties. If, following the commencement of this project, the erosion and sedimentation control plan is inadequate to meet the requirements of the Chatham County Sedimentation and Erosion Control Ordinance, this office may require revisions to the plan and implementation of the revisions to insure compliance with the Act.

Acceptance and approval of this plan is conditioned upon your compliance with Federal and State water quality laws, regulations, and rules. In addition, local city or county ordinances or rules may also apply to this land-disturbing activity. This approval does not supersede any other permit or approval.

Please be aware that your project will be covered by the new NPDES General Stormwater Permit NCGO1000 (Construction Activities). You must apply and receive the NCG01 Certificate of Coverage electronically at the following website: <https://deq.nc.gov/NCG01>. The Certificate of Coverage must be provided to Chatham County prior to the issuance of the Land-Disturbing Permit.

Please note that this approval is based in part on the accuracy of the information provided in the Financial Responsibility Form, which you provided. You are requested to file an amended form if there is any change in the information included on the form. Please notify us when you would like to schedule a preconstruction conference. Notification shall be given at least 7 days prior to initiation of activity.

Your cooperation is appreciated.

Respectfully,

Morgan DeWit, PE
Senior Watershed Specialist
Chatham County Watershed Protection Department
