Re: Engineering Plans and Specifications Approval
Distribution Extension
Briar Chapel – Phase 14
Water System: Chatham Co – North
Water System No.: NC0319126, Chatham County
Serial No.: 19-00227

Dear Applicant:

Enclosed please find one copy of the "Application for Approval..." together with one copy of the referenced engineering plans and specifications bearing the Division of Water Resources stamp of approval for the referenced project. These engineering plans and specifications are approved under Division of Water Resources Serial Number 19-00227, dated July 25, 2019.

Engineering plans and specifications prepared by Gareth Avant, P.E., call for the installation of approximately 800 feet of 8-inch water main, valves and other appurtenances along a 20-foot utility easement to serve the future Briar Chapel – Phase 14, including 90 single family residential lots. The proposed 8-inch water main will connect to an existing 8-inch water main along Great Ridge Parkway (Phase 7 of this development) at a location approximately 200 feet north of the intersection with Tyner Loop Circle.

Please note that in accordance with 15A NCAC 18C .0309(a), no construction, alteration, or expansion of a water system shall be placed into service or made available for human consumption until the Public Water Supply Section has issued Final Approval. Final Approval will be issued and mailed to the applicant upon receipt of both an Engineer's Certification and an Applicant's Certification submitted in accordance with 15A NCAC 18C .0303 (a) and (c).

These plans and specifications in the foregoing application are approved insofar as the protection of public health is concerned as provided in the rules, standards and criteria adopted under the authority of Chapter 130A-317 of the General Statutes. This approval does not constitute a warranty of the design, construction or future operation of the water system.
