Re: **Authorization to Construct (This is not a Final Approval)**  
Issue Date: October 11, 2019  
THE LEGACY S/D: PHASE 3  
Serial No.: 19-00763      Water System No.: NC0319126  
Chatham County

Dear Applicant:

This letter is to confirm that a complete Engineer's Report and a Water System Management Plan have been received, and that engineering plans and specifications have been approved by the Department for **THE LEGACY S/D: PHASE 3, Serial No.: 19-00763**.

The "Authorization to Construct" is valid for 36 months from the issue date. Authorization to construct may be extended if the Rules Governing Public Water Supplies and site conditions have not changed (see Rule .0305). The "Authorization to Construct" and the engineering plans and specifications approval letter shall be posted at the primary entrance of the job site before and during construction.

Upon completion of the construction or modification, **and prior to placing the new construction or modification into service**, the applicant must submit an Engineer's Certification and Applicant's Certification to the Public Water Supply Section.

- **Engineer's Certification:** in accordance with Rule .0303 (a), the applicant shall submit a certification statement signed and sealed by a registered professional engineer stating that construction was completed in accordance with approved engineering plans and specifications, including any provisions stipulated in the Department's engineering plan and specification approval letter.
- **Applicant's Certification:** in accordance with Rule .0303 (c), the applicant shall submit a signed certification statement indicating that the requirements for an Operation and Maintenance Plan and Emergency Management Plan have been satisfied in accordance with Rule .0307 (d) and (e) and that the system has a certified operator in accordance with Rule .1300. The "Applicant's Certification" form is available at <http://www.ncwater.org/> (click on Public Water Supply Section, Plan Review, Plan Review Forms).

Certifications can be sent by mail, fax or attachment to an e-mail message to **PWSSection.PlanReview@ncdenr.gov**.

If this "Authorization to Construct" is for a new public water system, the owner must submit a completed **application for an Operating Permit** and the appropriate fee. For a copy of the application for an Operating Permit please call (919) 707-9085.

Once the certifications and permit application and fee (if applicable) are received and determined adequate, the Department will issue a Final Approval to the applicant. In accordance with Rule .0309 (a), **no portion of this project shall be placed into service until the Department has issued Final Approval**.

Please contact us at (919) 707-9100 if you have any questions or need additional information.

Sincerely,

Robert W. Midgette, P.E.  
Chief, Public Water Supply Section

Re: Engineering Plans and Specifications Approval  
Distribution Extension  
The Legacy S/D: Phase 3  
Chatham Co - North  
Water System No.: NC0319126, Chatham County  
Serial No.: 19-00763

Dear Applicant:

Enclosed please find one copy of the "Application for Approval..." together with one copy of the referenced engineering plans and specifications bearing the Division of Water Resources stamp of approval for the referenced project. These engineering plans and specifications are approved under Division of Water Resources Serial Number 19-00763, dated October 11, 2019. **This approval has the following condition: In areas where water pressure exceeds 100 psi, applicable design standards and the operation and maintenance procedures for higher pressure water mains shall be implemented to maintain integrity of the distribution system and normal working pressure to the service lines.**

Engineering plans and specifications prepared by Joseph M. Craig, P.E., call for the installation of approximately 2,580 feet of 8-inch water main, 1,660 feet of 6-inch water main, 280 feet of 2-inch water main, fire hydrants, valves and associated appurtenances to serve 69 single-family residential lots along High Woods Ridge and North Crest Drive within Phase 3 of The Legacy subdivision in Chatham County. The proposed 8-inch water main will connect to the existing 8-inch water main on High Woods Ridge at a location approximately 300 feet southwest of its intersection with Covered Bridge Trail.

Please note that in accordance with 15A NCAC 18C .0309(a), no construction, alteration, or expansion of a water system shall be placed into service or made available for human consumption until the Public Water Supply Section has issued Final Approval. Final Approval will be issued and mailed to the applicant upon receipt of both an Engineer's Certification and an Applicant's Certification submitted in accordance with 15 A NCAC 18C .0303 (a) and (c).

These plans and specifications in the foregoing application are approved insofar as the protection of public health is concerned as provided in the rules, standards and criteria adopted under the authority of Chapter 130A-317 of the General Statutes. This approval does not constitute a warranty of the design, construction or future operation of the water system.

One copy of the "Application for Approval..." and a copy of the plans and specifications with a seal of approval from the department are enclosed. One copy of the approved documents is being forwarded to our Raleigh Regional Office. The second copy of the approved documents is being retained in our office.

If the Public Water Supply Section can be of further service, please call (919) 707-9100.

Sincerely,

Handwritten signature of Robert W. Midgette in cursive, followed by the text "/for".
