Initial Zoning

- In November 2007 the Board of Commissioners voted to zone 32.2 square miles along the major highway corridors. 1500 feet from the right-of-way on either side of the street was zoned RA-40.
- In 2016 all other unzoned areas of the County were zoned R-1 and R-5. The county is zoned R-5 along its rivers and streams to protect water quality, and is primarily used for very low density residential development .
