March 1, 2020

Chatham County Planning Department
Attn: Angela Birchett, Zoning Administrator
PO Box 54
Pittsboro, NC 27312

My property ^{one lot away from} ~~directly~~ adjoins the land for this proposed self storage project at 72 Marvin Edwards Lane.

The development team has been responsive to feedback to improve the final project in terms of size, aesthetics, and security details.

My family supports the proposed rezoning to a self-storage project.

I further support this project because it increases our tax base without increasing demands on schools and services.

Self-storage is a demonstrated need for local people. And for those who need to use self storage, it is both essential and convenient. More of a service like this is good for customers in creating choices and potentially more competitive pricing.

Thanks for considering my support of this project.

Subject: Marvin Edwards Ln Storage Project
To: chathamncplanning@gmail.com <chathamncplanning@gmail.com>

I ask that you support the Marvin Edwards Ln storage project. My property is adjoin to this project and personally I would not want any other type of business to be adjoin my property that has high traffic and noise. Chatham County is growing and eventually I expect the growth of business to increase all along the way of 15-501. This project is needed for the growth that is coming and is expected, although there are other storage business in the close vicinity. People need a choice of the best and safe way to store their property.
Thank you for your support,

Karen Edwards
