Bev,

I'm working with Kim Tyson at the Chatham County planning dept and she told me I need to contact you regarding the parcel referenced above. We're looking to develop it into a large lot subdivision and I understand that I need some verification from the association that there is nothing of historical importance on the site. Can you provide that?

Let me know if there's anything you need from me.

Best Regards,

Kirk T. Metty, PE

Hi Kirk--

Thanks for checking with us. Our records do not show any gravesites on the parcel. If you discover any, of course you should let CCHA and Kimberly know immediately. Also, if you find evidence of structures (including ruins, old roads, walls, wells, etc--basically anything man-made) that are 50 years or older, please contact us so we can document what's there before it is disturbed. In some cases, all we need is for you to photograph what's there for us. Other times we might want to arrange a site visit.

I'm copying this to Kimberly for her records so she'll know you checked with us.

Thanks,

Bev Wiggins
