Kim,

I've attached my review letter for the Chestnut Creek GED submittal. I made comments regarding items that may warrant additional explanation. I don't consider this GED submittal "disapproved" as the application was completed and documentation provided as required. However, I think certain answers provided warrant further consideration and/or information than were given on the submittal. These can be discussed at the Planning Board meeting rather than a resubmittal but I leave that up to you and Jason's discretion.

Thanks,

Rachael Thorn

Watershed Protection Director

Chatham County
