Subject: RE: Herndon Farms

Mr. Blake,

Apologies for the late response as I was out on leave all last week. I can confirm that I visited the site with your consultant Bob Zarzecki of S&EC on April 7, 2021. The AJD request received by this office on 6/10/2021 accurately reflects what was reviewed during my site visit. Due to high workload volume it may take 60-90 days for the issuance of a jurisdictional determination. Please let me know if you have any further questions or concerns.

Subject: [Non-DoD Source] Herndon Farms

James,

Follow-up: We just got this from Drew Blake in Chatham and what we need is a confirmation that a PJD or AJD is in progress. Since you have visited the site we are hoping you can confirm it is in some stage. Thank you in advance for whatever you can provide at this point.

"Since impacts to features are not anticipated you will not need a "permit". However, you will need to provide the PJD or AJD. As stated below an email from James stating that he has reviewed the property and that the AJD or PJD is in process will suffice for now."

M. Travis Blake
