

Lyle's email below confirms our delineation of the additional parcels along Jack Bennett Road. This is the more "official" correspondence than the email correspondence from James that we needed to send to Drew.

Thanks,
Kim

Subject: Vickers Road Assemblage / Chapel Hill / Chatham County / SAW-2017-01538 / Jurisdictional Determination

Kim,

I do not need to make a site visit for the above referenced project, and concur with the delineation within the red outlined "Additional Parcels" depicted on the attached "Figure 3" exhibit. Due to workload volume it may take 90-120 days for the issuance of a standalone JD, however, you may use the delineation for planning and permitting purposes. The AID for this project is SAW-2021-01538. I have attached the "Figure 3" exhibit for reference.

Please let me know if you have any questions/concerns.
