Re: Engineering Plans and Specifications Approval
Distribution Extension
Farrington Section X Millcroft Extension
Chatham Co-North
Water System No.: NC0319126, Chatham County
Serial No.: 22-00078

Dear Applicant:

Enclosed please find one copy of the "Application for Approval..." together with one copy of the referenced engineering plans and specifications bearing the Division of Water Resources stamp of approval for the referenced project. These engineering plans and specifications are approved under Division of Water Resources Serial Number 22-00078, dated February 25, 2022.

Engineering plans and specifications prepared by Alan R. Keith, P.E., call for the installation of approximately 1,540 feet of 8-inch water main, fire hydrants, valves and associated appurtenances along Millcroft between Halifax and Weathersfield to provide service for the future developments of Section X (on-site utilities to be permitted separately) within Farrington PUD. The proposed 8-inch water main will connect on both ends to existing 8-inch water mains along Millcroft (existing blow-off assembly to be removed) and along Weathersfield.

Please note that in accordance with 15A NCAC 18C .0309(a), no construction, alteration, or expansion of a water system shall be placed into service or made available for human consumption until the Public Water Supply Section has issued Final Approval. Final Approval will be issued and mailed to the applicant upon receipt of both an Engineer's Certification and an Applicant's Certification submitted in accordance with 15A NCAC 18C .0303 (a) and (c).

These plans and specifications in the foregoing application are approved insofar as the protection of public health is concerned as provided in the rules, standards and criteria adopted under the authority of Chapter 130A-317 of the General Statutes. This approval does not constitute a warranty of the design, construction or future operation of the water system.

One copy of the "Application for Approval..." and a copy of the plans and specifications with a seal of approval from the department are enclosed. One copy of the approved documents in a digital format (CD) is being forwarded to our Raleigh Regional Office. The second copy of the CD is being retained in our office.

If Public Water Supply Section can be of further service, please call (919) 707-9100.

Sincerely,

A handwritten signature in blue ink that reads "R. Midgette".

Robert W. Midgette, P.E.
Chief, Public Water Supply Section
