Subject: Chestnut Creek Subdivision / Pittsboro / Chatham County / SAW-2019-01121 / NWP 58

Mr. Metty, Mr. Clark and Mr. McMillan,

Based on the PCN submitted on 08/24/2021, the above referenced project appears to be authorized under Nationwide Permit (NWP) 58 and does not require notification to the Corps. Attached is a copy of the NWP 58 including the applicable permit conditions. Please note that the project must be accomplished in strict accordance with these conditions and your submitted description, and any violation of the conditions or deviation from your submitted description may subject the permittee to a stop work order, a restoration order and/or appropriate legal action. The Action Identification Number for this project is SAW-2019-01121.

Please Note - Portions of the subdivision have been determined to meet the requirements for designation as potential wetland or non-wetland waters. Any Subsequent fill or alteration of these areas shall conform to the requirement of the federal rules addressing impacts to potential wetland waters and non-wetland waters noted in the Code of Federal Regulations at the time of the proposed alteration.

It is your responsibility to contact the North Carolina Division of Water Resources (NCDWR) Raleigh Regional Office to determine the 401 requirements for this project. Please note that, if an Individual 401 WQC is required from NCDWR, the conditions of the Individual 401 WQC, once issued, are also conditions of the NWP referenced above. You may not conduct the activity authorized by the above referenced NWP without a valid 401 Water Quality Certification.

Please let me know if you have any questions/concerns.

Sincerely,

Lyle Phillips
