

Sample audit record – July 26, 2022

Use one form for each sample count. Retain this record, but **do not send this form to SBE. Information will be collected via survey.**

Remember that the sample audit count is a test to show that the election equipment worked properly. If the hand count is different than the machine count, that difference must be explained. However, a difference in the count does NOT change election results.

County Chatham			
Date of count July 28, 2022		Time of count	10:00 am
Type of sample (select one)	<input type="checkbox"/> Election Day Precinct	NAME of Precinct /Site	
	<input type="checkbox"/> One-stop site	Absentee Mail	
	<input checked="" type="checkbox"/> Mail-in absentee ballots (all)	_____	
Voting equipment used for this sample	(M100, DS200, Hart Verity, DS450, DS650, DS850)		
Contest Cary Town Council At Large	Hart Verity		

Candidate	Machine	Hand-to-eye	Difference				
Ken George	8	8					
Carissa Johnson	55	55					
<i>Overvote</i>			1+				
	63	63	1+				

If there is a difference, is it attributable to machine error or human error? Machine error Human error

Detailed explanation of what caused the difference	<p style="font-size: 1.2em;">1 Over vote Voter corrected ballot with whiteout instead of requesting new ballot</p>
