James,

The four lots aren't highlighted on the second page, there may have been a glitch in the email. Can you provide us the lot numbers? Thanks.

Sincerely,

Kim and Jason,

Attached is the soils work for the proposed N Pea Ridge Subdivision. Soils aren't great resulting in majority engineered systems including state permitted systems. I highlighted 4 lots on page 2 that may be tight on area depending on square footage depending on the number of bedrooms. The rest should have adequate area.

Thanks,

James

Carl and James,

I hope you guys have been well.

I have been working on a potential project off of N. Pea Ridge Rd. Per the planning requirements, I was asked to submit the proposed subdivision plan overlain with my soils work for your review. Please find this report and map attached.

Could you confirm receipt of this message when you have a moment?

Thanks in advance for your help.

Chris
