

**REPORT OF COMMUNITY MEETING REQUIRED BY
THE CHATHAM COUNTY ZONING ORDINANCE**

To: Chatham County ZONING ADMINISTRATOR
Date: 6/29/2022
Proposed Zoning: GRANVILLE (R1-SUP Planned Residential Development)

The undersigned hereby certifies that written notice of a community meeting on the above zoning application was given to the adjacent property owners set forth on the attached list by first class mail on (date) Mailed by Subdivision Staff*. A copy of the written notice is also attached.

*See attached transmittal

The meeting was held at the following time and place: June 28, 2022, 6:30 PM
Ferrington Village Center Barn

The persons in attendance at the meeting were: SEE ATTACHED

The following issues were discussed at the meeting: SEE ATTACHED

As a result of the meeting, the following changes were made to the rezoning petition: SEE ATTACHED (Submission of formal S.U.P. application is pending)

Date: July 5, 2022
Applicant: Fitch Creations, Inc.
By: Greg Fitch

Please submit this Report to the Chatham County Planning Department located at 80-A East Street, Dunlap Building or mail it to Angela Plummer, Zoning Administrator, PO Box 54, Pittsboro, NC 27312.

(A receipt or stamp from the US Postal Service showing the date of mailings shall be provided with the application submittal) Mailed by Subdivision Staff - see attached transmittal

ATTACHMENT TO: Report of Development Input Meeting Required by the Chatham County Subdivision Ordinance (Granville Subdivision Application)

-and-

ATTACHMENT TO: Report of Community Meeting Required by the Chatham County Zoning Ordinance (Granville Special Use Permit Application)

MEETING HELD: Tuesday, 28 June 2020, 6:30 PM, Fearington Village Barn

ATTENDEES (see sign-in sheets)

THE FOLLOWING ISSUES WERE DISCUSSED AT THE MEETING

1. Questions regarding Fearington Village (FV) sewer capacity:
Consulting Engineer explained how permits and wastewater flows are attributed to the Wastewater Treatment Plant. The permits and the flow are monitored by FV and the State of North Carolina. The current permitted flow will be updated to reflect buildout of units served. This will be done to reconcile "permit flow" with actual flow in the plant. The current average daily discharge from the Plant is well below the design capacity of the Plant. The Plant has the capacity to support Granville and remaining planned and approved dwellings that have yet to be constructed in Section X of the Fearington P.U.D.
2. Concerns regarding increased traffic on Weathersfield to 15-501 and E. Camden, will a stop light be needed at 15-501 and concerns for Millcroft at Weathersfield:
Design team noted that a Traffic Impact Analysis by Ramey Kemp is underway as part of County review process. Study would provide recommendations for improvements if needed.
3. Question regarding plans for properties to the south of Granville:
Applicant noted these were under separate ownership and there are no known plans beyond existing residences, farms, and woodlands.
4. Question regarding possible connections to and expansion toward Big Hole easement:
Design team noted there were no known plans to connect to the Big Hole easement, certainly not from Granville.
5. Question regarding roundabout previously shown on old FV plans:
Design team noted the concept didn't work with site constraints and was revised with earlier County approvals and affirmed with current approval at last Board of Commissioners Meeting.

6. Question regarding sequence for extending Millcroft in FV:
Design team noted it was anticipated that sections of Millcroft would be constructed concurrent with the adjoining neighborhood's construction and eventually would be connected to Weathersfield and West Camden. Construction could begin from the north or from the south.
7. Concerns regarding construction traffic through FV neighborhood:
Applicant noted traffic would be at similar levels to that of existing and prior neighborhoods within Ferrington Village.
8. Question regarding funding for maintenance of common areas and stormwater measures in Granville:
Design team noted it was the intent for a HOA sub-association to maintain these elements.
9. Question regarding impacts to Bush Creek:
Granville will be subject to the Chatham County Watershed Protection Ordinance. The stormwater from the areas that will be built on shall be collected and treated per the ordinance. The peak discharge from the new building sites and roads is required to match the peak discharge from the undeveloped existing site.
10. Question regarding timeline for construction and sales:
Applicant noted 18 to 24 months for all approvals, followed by infrastructure, then home sales of 12 to 15 a year depending on market.
11. Question regarding extension of Millcroft and impact on FV pastures, cows, and plans for future of Village Center:
Applicant noted these amenities will be maintained, although cow herd will be smaller.
12. Questioned if open space trail will connect from Granville to FV:
Applicant noted trails would provide connection to Weathersfield and FV trail system.
13. Concern regarding updates, improvements, and additions to existing amenities within FV; noted FV community survey noted trails were most popular amenity:
Applicant noted there are no specific improvements proposed within the adjacent FV PUD specifically as part of the Granville neighborhood, although some additional trails in FV are planned with future development.
14. Question regarding if there will be public open space within Granville:
Applicant noted the dedicated open space along stream buffers and in areas adjacent to stormwater ponds.
15. Concern noted regarding connection noted to Riggsbee property:
Applicant noted this was required for FV by Planning Board for emergency and utility access only.
16. Question regarding if new homes would pay into Ferrington Homeowners Association for use of amenities: Applicant noted that the Granville neighborhood would be part of the existing Association, and a new sub-association would provide for management of stormwater and woodlands within the neighborhood.

AS A RESULT OF THE MEETING, THE FOLLOWING CHANGES WERE MADE TO THE SUBDIVISION PROPOSAL / REZONING PETITION

- 1) Trail System: Proposed pedestrian trail linking to Fearington Village amenities will be added to the Zoning and First Plat submittals, begin at the intersection of proposed Granville and Cabarrus, and extend to the north connecting to the Millcroft trail within the Fearington P.U.D. Granville residents will enjoy use of the Fearington Village trails and amenities.

- 2) Owners Associations: The Zoning and First Plat submittals will specifically note that Granville will be part of the Fearington Homeowners Association as the master association, and a new HOA sub-association will be created to manage the community's open spaces and stormwater ponds.

Fitch Creations, Inc. (Greg Fitch, VP)
2000 Fearington Village Center
Pittsboro, NC 27312

Re: Development Input Meeting for GRANVILLE Subdivision with a Planned Residential Development Special Use Permit, located south of, and adjacent to, Fearington Village on June 28, 2022.

Dear Adjacent Property Owner:

This letter is to invite you to a community meeting regarding a 41 lot residential subdivision/planned residential development special use permit on 51.8 acres Fitch Creations is proposing south of, and adjacent to, Fearington Village near your property, on Parcel Number 95264. An informal community meeting will be held on June 28, 2022 beginning at 6:30 pm at The Fearington Village Center Barn, and will last approximately one hour. Detailed directions are attached. The proposed lots will be served by County water. Wastewater is via Fearington Utilities, LLC. The subdivision is shown with an average lot size of 0.83 acres, and 13.43 acres of dedicated open space. Plans of the proposed development will be on display and you will have the opportunity to voice your concerns and ask questions of people knowledgeable about the details of our project. The plans may be revised based on your input before we submit to the County.

This meeting is required as part of the County subdivision process and zoning processes; however County staff will not participate in the meeting. We plan to submit our official plans to the County Planning Department in the near future. You will receive a notice from the County about this submittal once the application has been made.

We would appreciate your attendance and input at the community meeting. If you have questions before the meeting you may contact the person noted below. A copy of the map showing our proposed subdivision is attached and can also be viewed on the Chatham County web site at www.chathamnc.org/planning under the Planning Links & News, Concept Plans.

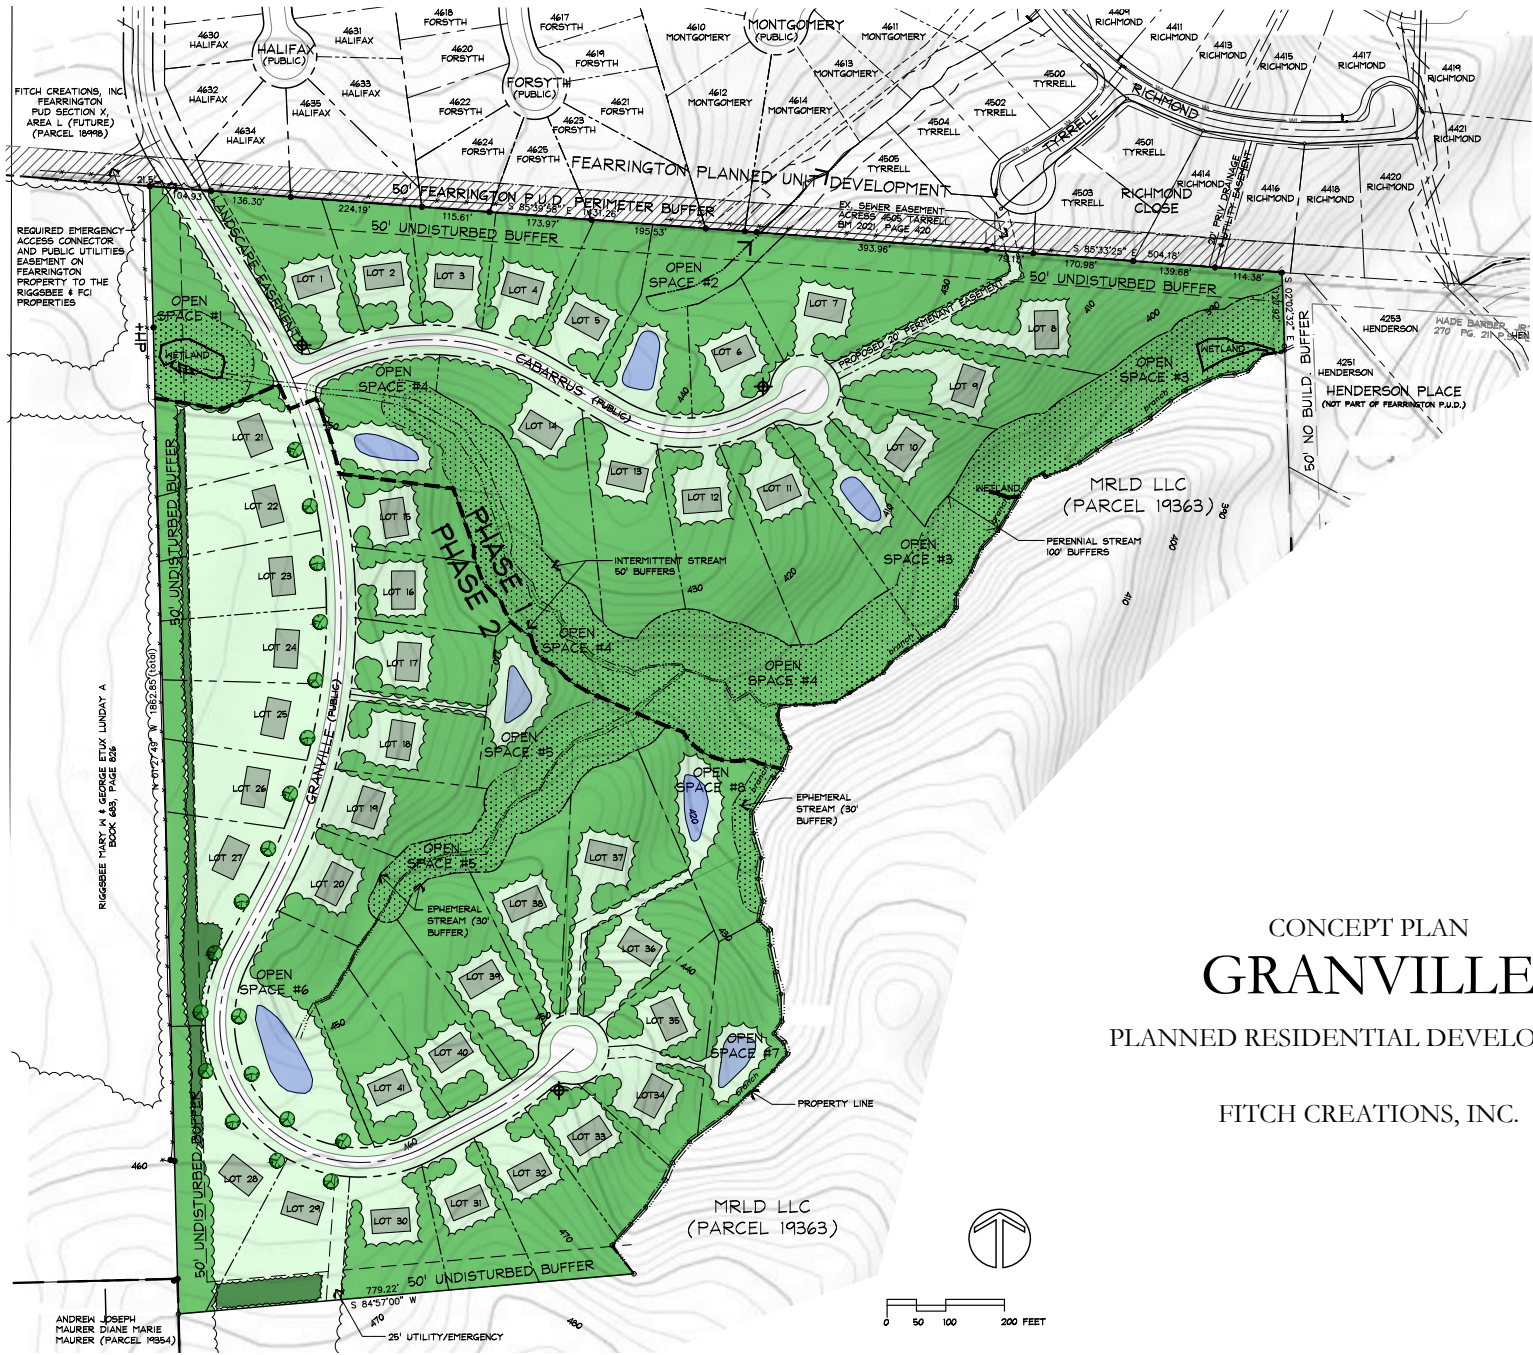

Sincerely,
Dan Sears
