

CHATHAM COUNTY HEALTHCARE DIRECTORY

Compiled by the Chatham County Public Health Department

Summer 2023

Chatham County Public Health Department Mission

**Building a healthy Chatham County
through community partnerships
and a commitment to equity.**

Chatham County Public Health Department Vision

**A fair and inclusive Chatham County
where all residents achieve their
best physical, mental and emotional
health and feel a sense of belonging.**

As part of the Chatham County Public Health Department's mission and vision, we present the Chatham County Health Resource Directory. This document compiles the most recent information on healthcare providers in Chatham County across many disciplines, including:

- Pediatrics, geriatrics, and family medicine
- Family planning, pre-natal care, and obstetrics
- Mental health and substance use counseling and treatment
- HIV and STD testing and immunizations
- Dental, orthodontic, chiropractic, and orthopedic services
- And much more

Along with listing these providers, we offer contact information, location, services provided, and website. Providers are sorted by practice and then in alphabetical order.

If you have any questions about this resource or updates to listings, please contact Communications Specialist Zachary Horner at zachary.horner@chathamcountync.gov or (919) 545-8441.

If you are looking for other services such as housing, food pantries, transportation, etc., please visit www.chathamcountync.gov/publichealth and look for the "Chatham County Resource Directory."

PAGE #	PROVIDER TYPE
4	Primary Care & HIV/STD Testing
