Outdoor Residential Swimming Pools are required to be fully enclosed by pool barriers that comply with North Carolina Residential Building Code Appendix V, Section AV105. It is required that the property owner acknowledge and sign this document prior to permit issuance.

1. **Permanent Pool Barriers** be constructed in specific manners, dimensions, and locations so as to prevent individuals from passing over, under, or through them.
2. Permanent Pool Barriers are to be located as to **prohibit** permanent structures, equipment, or similar objects from being used to climb them.
3. **Temporary Barriers** are recommended to be installed and maintained throughout construction, around all pool excavations, filled or unfilled.
4. Swimming in the pool is **prohibited** until all inspections are approved and the Certificate of Compliance is issued.
5. **Swimming Pool** is defined as any structure intended for swimming or bathing that contains water over 24" deep. This includes pools, hot tubs and spas.

Information regarding requirements related to the construction and operation of residential swimming pools can be found in the **NCRC 2018 Building Code**.

I hereby certify and acknowledge that I, as the property owner, am responsible for (1) understanding and complying with all laws and regulations regarding swimming pools and pool barriers; (2) ensuring that I have a swimming pool barrier that complies with all applicable laws and regulations; and (3) ensuring that my swimming pool barrier encloses my pool at all times.
