“Love cannot remain by itself – it has no meaning. Love has to be put into action, and that action is service.”

—Mother Teresa

We're Committed to Chatham County

A Message from Aging Services Director, Ashlyn Martin:

Roughly half a century ago, the forerunner to Chatham County Aging Services was founded by Mattie Paige, Lacy D. Marsh and Charlie Baldwin - a trio of prominent African American community leaders in Chatham County. As the Chatham County Council on Aging, the agency's original mission was “to promote the independence and dignity of our older adults and to help them remain healthy, secure and involved in their own homes and community as long as possible.”

That mission has changed very little as the decades have passed. As we have transitioned from a nonprofit organization to a department within Chatham County government, our commitment to the well-being of our community's older adults has remained steadfast. Our Pittsboro Center for Active Living and Siler City Center for Active Living have been recognized as “Centers of Excellence” by the North Carolina Division of Aging and Adult Services.

It is our intent with this directory to empower the Chatham County community with the resources needed to make informed decisions tailored to each individual. While inclusion within these pages does not imply endorsement by Aging Services, we have strived for this directory to be as complete as possible.

Please do not hesitate to let us know if we can ever be of assistance.

A handwritten signature in black ink that reads "Ashlyn".

About Our Services

Activities: A variety of programs and activities are offered daily, such as health screenings, games, nutrition education, and art classes.

Assistive Equipment Loan Program: We provide devices, such as canes, walkers, wheelchairs, shower transfer benches, bedside toilets and hospital beds for an indefinite period. We accept donations of equipment in clean and working condition.

Caregiver Support: This program provides respite and support for family caregivers. Support groups are held monthly.

Congregate Meals: A nutritious noontime meal and community fellowship is provided daily Monday-Friday at both centers. You may sign up to join us for lunch for an optional contribution of \$5.50. Call one day ahead to let us know if you are coming.

Exercise Classes and Fitness Rooms: Establish a regular exercise routine with a variety of exercise classes such as aerobics, Tai Chi, Yoga, and chair aerobics classes. Our exercise equipment includes weight stations, treadmills, free weights and stationary bicycles. Open to participants age 55 and older. An orientation is required before using the equipment.

Friendly Phone Caller: Our trained volunteers keep in touch with community members who live alone, or are alone during the day.

Health Education & Disease Management: Nutrition education, health screenings, and diabetes support are some examples of the education and disease support programs offered.

In-Home Aide Service: We assist older adults in maintaining their independence by providing subcontracted, State-certified nursing assistants to assist with personal care, performing in-home tasks and meal preparation.

Incontinence Supplies: Our partnership with the Diaper Bank of North Carolina assists us in providing critical adult incontinence supplies, such as pull-ups, tab diapers, personal pads, bed pads, and wipes.

Meals on Wheels: Volunteers provide a daily wellness check and a hot meal for homebound older adults who are unable to attend congregate meals at one of our centers. Frozen Meals are available for those who do not live on a regular route but are otherwise eligible for Meals on Wheels. If someone doesn't live on one of our regular routes, family members may come by the designated center to pick up frozen meals. Shelf-stable meals are provided (when available) when there is an emergency situation or weather disaster.

Minor Home Repair: This program focuses on repairs in and around the home that do not require a permit. Examples include the installation of assistive devices, such as grab bars. Volunteers also repair steps, construct new ramps, and correct minor plumbing issues.

Notary Public: Notary service for ages 60 and over or disabled.

Options Counseling: A process where individuals receive decision support as they make informed choices about potential services and supports. Individuals then take the lead in carrying out their personalized Action Plan.

Resource Information & Referral: We provide information regarding Chatham County aging-related resources.

SHIIP: The Seniors' Health Insurance Information Program (SHIIP) counsels Medicare beneficiaries and caregivers about Medicare, Medicare Supplements, Medicare Advantage, Medicare Part D, and long-term care insurance. The counselors offer free and unbiased information regarding Medicare health care products. Open enrollment is October 15-December 7 every year and questions can be answered year-round.

Sitter and Cleaner Lists: These are lists of persons indicating that they are available for employment in the home caring for older adults. These individuals are not endorsed by Aging Services other than the completion of a criminal background check.

VITA: The Volunteer Income Tax Assistance program offers free tax preparation to people of all ages who need assistance in preparing their own tax returns, including people with low-to-moderate income; persons with disabilities; and limited English-speaking taxpayers. IRS-certified volunteers provide free basic income tax return preparation to qualified individuals.
