Source of maximum flow data is American Water Works Association

In cases when developer installs meter box, customer shall be charged a meter installation fee consistent with the County's prevailing rate at the time of connection.

Note:

1. For a meter size larger than 3/4 inch, the customer will pay the System Development Fee and will be billed separately for the actual cost of the tap (supplies and material).
2. Multi-Unit Residential, Commercial, Industrial users served through one meter: System Development Fee shall be charged based on the Connection Size of the bulk meter.
3. Meter sizes and types shall be approved/determined by the Chatham County Utilities Department.
