Hey Chad,

I am good with these changes.

Attached is the signed application for approval and the filled out engineer's report for this.

If you can send the full set digitally, I think this will be sufficient. Hopefully, we get the set back from DEQ with stamps.

Thank you and please let me know if you need anything else.

Good morning Chris/Blake and Happy Friday!

Please see attached the revised PDFs. If you are good with these, I will remove the preliminary, and resend as well as deliver hard copies.

If I send hard copies, should I only send the revised sheets so that you can slip them into what was already sent? I can also send an updated, complete set digitally.
