

This petition has been signed by 488 Chapel Ridge residents and is presented to the Chatham Planning Commissioners Board as witness to the necessity for securing a contract between Singerman, TrueHomes and Chapel Ridge Community.

Our residents have asked that this agreement should contain no duration for the entire construction timeline. It should protect Chapel Ridge from the impacts related to increased traffic, spray fields construction and management, and unplanned costs created by Parks Meadow.

The Residents of Chapel Ridge Community  
Aug 6, 2024

**Petition by Chapel Ridge Association Property Owners  
submitted to Chatham County Planning Commissioners**

I oppose the Chatham County Planning Commission granting final approval of the Parks Meadowview submission without some acceptable form of agreement to protect CRCA from impacts related to increased traffic, spray field concerns, and unplanned costs.

**Petition by Chapel Ridge Association Property Owners  
submitted to Chatham County Planning Commissioners**

I oppose the Chatham County Planning Commission granting final approval of the Parks Meadowview submission without some acceptable form of agreement to protect CRCA from impacts related to increased traffic, spray field concerns, and unplanned costs.
