**FIRE HYDRANT FLOW TEST APPLICATION**

In order for a fire hydrant flow test to be scheduled, the following information must be provided and this form faxed to the Chatham County Public Utilities & Water Division. Once this form is received, the request will be reviewed and the Public Utilities & Water Division will contact the person listed on this form to schedule a specific time to schedule the flow test. Failure to provide all of the required information or incorrect information can delay or prevent the scheduling of the test.

**PROJECT INFORMATION**

Required Fire Flow for the Project: \_\_\_\_\_ gpm @ 20 psi  
Project Name: \_\_\_\_\_

In addition to the above information, please submit with your application a map (formal or informal) outlining and marking/highlighting the project site location, nearest cross-street(s) and fire hydrant(s). This map may be hand-drawn if no printed map is available.

This application may be submitted by mail to Chatham County Public Utilities & Water Division, P.O. Box 910, Pittsboro, NC 27312 with accompanying check in the amount of **\$160.00** per test made payable to Chatham County, or may be faxed to 919-542-8282 with check following *via* mail to the aforementioned address. The requested test will be processed upon application receipt.

**DISCLAIMERS**

- Fire hydrant flow tests can be cancelled by the Public Utilities & Water Division due to inclement weather, safety concerns or insufficient access to a job site. Tests not cancelled prior to the Public Utilities & Water Division arrival to testing site are subject to an additional fee.
- Fire hydrant flow tests are not official until recorded by the Public Utilities & Water Division. Plans are not approved until tests are recorded.
- By signing this form you are agreeing to the terms and conditions stated for conducting a fire hydrant flow test with the Chatham County Public Utilities & Water Division.
