Electric Service Installation Provisions

WR# 52620614
(Internal Use Only)

I, Sonya Gilliland, have requested that Duke Energy Progress install above ground or underground electric service conductors at my home/business located at 24 GARDNER RD. APEX, NC 27502. In making this request, I agree to the following checked provisions:

- 1. While Duke Energy Progress is responsible for locating publicly owned underground utility lines (telephone, CATV, gas) I am responsible for identifying for Duke Energy or its agent the correct location of all privately-owned underground objects that might be damaged by or cause damage to Duke Energy's equipment or its contractor's equipment in the process of installation. Underground objects include, but are not limited to: **geogrid, septic tanks, drain lines, drain fields, designated repair areas, water lines, irrigation lines and electrical lines not owned by Duke Energy Progress or other publicly owned utilities.**
- 2. Once I have physically marked the privately-owned underground objects, within + or - 24 inches, using paint, flags, or stakes, Duke Energy Progress or its contractor will assume responsibility for avoiding damage to said objects.
- 3. I assume full responsibility for any damage to privately-owned underground objects caused by my failure to notify or incorrectly notify Duke Energy Progress of the location of the underground objects.
- 4. Duke Energy Progress or its contractor will assume responsibility for performing said installation in a professional manner by avoiding damage to obvious above ground objects such as curbs, gutters, shrubbery, sidewalks, and buildings.
- 5. I understand the specific route of the proposed above ground or underground conductors and location of poles and/or apparatus as described by the Duke Energy Progress representative.
- 6. In the course of installing underground lines and equipment in areas with landscape trees, there is the probability of some root damage and I will not hold Duke Energy Progress or its contractor responsible for damage to or the health of any trees.
- 7. Equipment tracks and ground disturbance will result from the use of equipment necessary for the installation of above ground or underground facilities.
- 8. Duke Energy Progress or its contractor **will not** be responsible for providing non-standard erosion control measures, reseeding or replacing gravel in the area(s) disturbed due to the installation of poles, apparatus (such as transformers or pedestals) or underground facilities.
- 9. I understand that I am responsible for complying with any state or federal requirements related to stormwater discharge including any site stabilization measures.
- 10. I may be required to pay a contribution in aid of construction if rock or other abnormal conditions are encountered. Refer to the Line Extension Plan (copy available upon request). These conditions include but are not limited to the following examples:

Examples of Charges

Trench Rock, Non-blast
Place clean sand/clay backfill in a standard trench
Provide clean sand/clay backfill from on-site or offsite
Provide conduit in trench
Bore one cable under roads/driveways/sidewalk, >5' - 40'
Mechanical tamping to avoid settling of trench
Rock hole for pole
Rock hole for anchor
Crew delay due to customer or site conditions
Engineering costs
Other: _____

Unit Cost

\$ 15.41 per cu ft of rock removed
\$ 1.70 per linear foot
\$ Actual Cost plus 15%
\$ 9.43 per linear foot
\$ 28.90 per linear foot
\$ 2.48 per linear foot
\$ 295.53 per pole
\$ 309.25 per anchor
\$ 125.00 per hour (\$125 min)
\$ 65.00 per hour
\$ _____

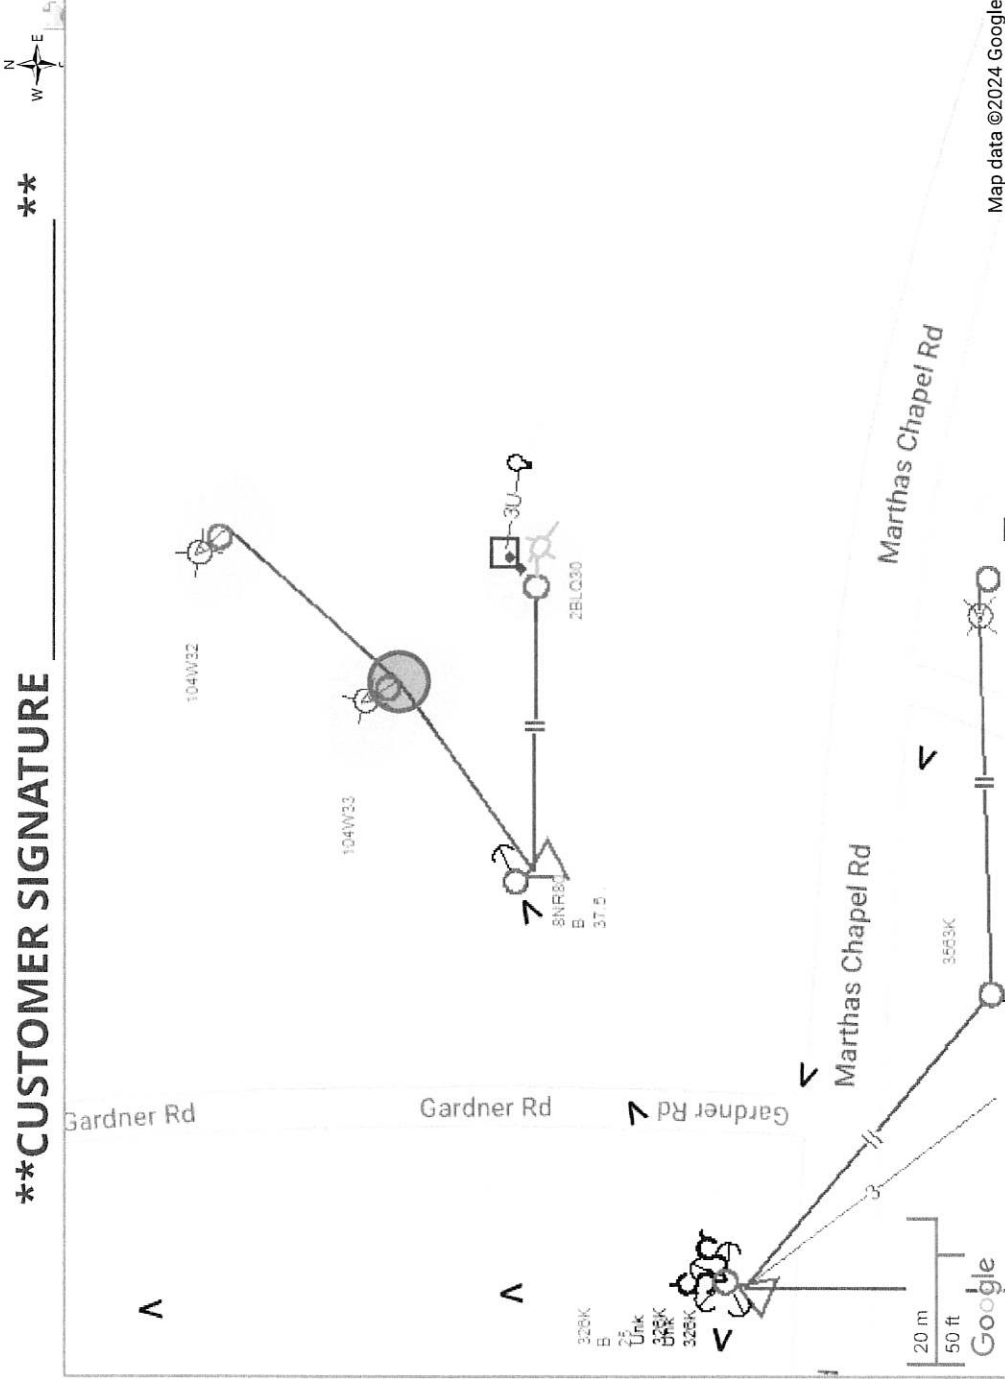

- 11. To meet National Electric Safety Codes, work site grading, and landscaping must be __ at final grade or __ within 6 inches of final grade (Duke Representative to initial appropriate item) before installation of underground facilities. Refer to the Line Extension Plan (copy available upon request).
- 12. I have requested that Duke Energy Progress install underground facilities on the property listed above. In making this request, I agree to be the single point of contact for Duke Energy Progress and agree that I may be financially responsible to Duke Energy Progress for any damage to Duke Energy Progress' equipment that is caused by a contractor retained by me who is uninsured or otherwise does not have the financial ability to pay for said damages.
- 13. I have provided Duke Energy Progress with the correct load information to size the electrical facilities required by this request for service. I understand that there may be charges if the actual load requires Duke Energy Progress to alter electrical facilities installed for this request for service.
- 14. I assume full responsibility to determine if any lighting ordinances or restrictions that would prohibit the installation of the service requested.
- 15. I agree to allow Duke Energy Progress or its contractor to drive vehicles/equipment on my concrete drive or walkway and I will not hold Duke Energy Progress or its contractor responsible for damage to my concrete drive or walkway.
- 16. Duke Energy or its contractor will not be responsible for providing remediation or environmental control measures for preexisting environmental hazards or contaminants discovered during the installation of poles, apparatus (such as transformers or pedestals) or underground facilities. Environmental issues not disclosed during project initiation may delay the completion of construction.
- 17. These provisions have been explained to me and I have received a copy of this document.

By signing, I acknowledge that I am the Owner/Customer or Agent of the Owner/Customer with authority to execute this document.
